

Dear **ALL owners, residents and resident tenants of Wedgwood Estates Community,**

Our community is in a continued process of revitalization. However, the persistent parking shortage throughout the community, compounded by abandoned or unidentified **out-of-state** vehicles has highlighted an additional area of concern that needs to be addressed promptly.

Effective 4/15/2025, Wedgwood Estates Community and 3D Roadside LLC are going to require that **ALL owners, residents and resident tenants** that have **out-of-state license plates** comply with the **Pennsylvania State Law** requiring residents and their vehicles residing within the state of Pennsylvania be registered in accordance with the Pennsylvania State Law.

ALL owners, residents and resident tenants have 30 days to register their vehicles in accordance with Pennsylvania State Law upon moving in or already living in Wedgwood Estates Community. Wedgwood Estates Community and 3D Roadside LLC will be enforcing the Pennsylvania State Law in our Community.

Please visit www.DMV.PA.gov for more information and documents that are required to transfer an out-of-state license plate to a Pennsylvania State issued license plate.
